## Cleanup in bicycle cellars and racks

On Wednesday, October 28, 2020, we will start cleaning up the bike cellars and outdoor bike racks.

An envelope with **green strips** has been distributed to all apartments. Please attach the **green strips** to the items you would like to keep.

Bicycles and other items that are not fitted with a **green strip** will be removed, outside as well as inside.

The removed items will be collected at the heating plant. Here they will be kept for a fortnight before being removed.

Prams, strollers and toys must be stored in the private storage room.

**Furniture may not be stored in the bicycle cellars.**

**All furniture will be removed.**

Yours sincerely,

Jan Breaum

Building manager

Holte, September 28, 2020

If necessary, more **green strips** can be obtained at the building manager's office.
